## About Intrasense

A French expert in medical imaging since 2004, Intrasense develops and markets software platforms in 40 countries that assist and secure diagnosis, decision-making and therapeutic follow-up.

Myrian<sup>®</sup>, an advanced visualization solution for radiology, provides 1,200 healthcare establishments with clinical applications to help render all types of images. Since 2021, Intrasense has been developing Liflow<sup>®</sup>, a new multidisciplinary and collaborative platform dedicated to oncology, designed to optimize patient care and follow-up. A digital subsidiary of the Guerbet Group since June 2023, Intrasense continues to enhance its solutions by integrating artificial intelligence algorithms for medical imaging. Its teams work closely with healthcare professionals to help save lives.
